### GREENVILLE

Knights of St. Paul Present Walter  
Moore with Gift—Evangelistic Ser-  
vice at Third Baptist Church.

At the Third Baptist church Tues-  
day evening, Rev. William F. Newton  
was the preacher at the evangelistic  
meeting, in the continued absence of  
Rev. Dr. A. B. Coats of Hartford. Con-  
fessing Christ was the subject of the  
sermon and the text taken was Ro-  
mans x:1-10. By confessing Christ,  
the speaker said, I mean leaving your  
selves wholly out of the question.  
Thousands of people in their hearts  
believe about Christ, even the devil  
believes in his existence, but it is nec-  
essary to confess Christ. There are  
many people who tell about how they  
love the Lord, but when they come  
to take a stand on Christ as an op-  
ponent, they say they are timid and hang  
back. Why should a man or woman be  
ashamed to confess Christ? It's  
the only religion that brings joy and  
peace and blessings into the hearts of  
men. The trouble is, we are cowards,  
we are ashamed to confess. If we are  
unwilling to bear the cross, we shall  
not wear the crown of glory.  
The Smile Song and other hymns  
were sung throughout the service by  
the congregation led by Rev. Mr. New-  
ton, with Mrs. J. R. Lewis as accom-  
panist. The opening prayer was of-  
fered by Rev. J. R. Very and Rev. Mr.  
Newton pronounced the benediction.

est. One new member, Arthur Ryd-  
holm, was initiated. Walter Moore,  
who has been a member of the chap-  
ter since its organization, and who is  
now about to leave town, was present-  
ed a silver pencil by the members of  
the chapter as a token of their appre-  
ciation of his work and their regret  
at his departure.

## Coast Artillery Corps Assignments

Companies will be at Same Stations as Last Year—Fort  
Mansfield for Local Commands.

Temporary assignments of coast ar-  
tillery organizations of the Connecticut  
National Guard, assigned to the same  
stations as last year, were announced  
from Maj. Gen. J. Franklin Bell,  
chief of staff, war department. It is  
ordered that companies of the United  
States Coast Artillery, assigned to the  
same batteries as coast artillery re-  
serve companies, will co-operate with  
and assist the latter in the perform-  
ance of their duties.

The Connecticut Coast artillery will  
go into camp at posts of the artillery  
district of New London. Companies  
will have the same batteries as in pre-  
vious years, as far as possible. At  
Fort H. G. Wright the companies are  
assigned as follows: Second, Battery  
Clinton; Sixth, Battery Marcy; Fourth  
and Eleventh, Battery Butterfield;  
First, Battery Barlow; Ninth, Battery  
Hamilton. At Fort Terry the assign-  
ments are: Tenth, Battery Bradford;  
Twelfth, Battery Bradford; Eighth,  
Battery Stoneman; Seventh, Battery  
Steele. At Fort Mansfield assignments  
are: Fifth, Battery Crawford; Thir-  
teenth, Battery Connor; Thirteenth,  
Battery Wooster. Fourteenth company  
will occupy Battery Palmer at Fort  
Michele.

Certain indications during the  
winter it had been thought that all the  
coast artillery companies of the state  
might be assembled at Fort Wright,  
but above order places them prac-  
tically at the same stations as last  
summer.

The note accompanying the order  
states that the assignments may be

considered only temporary, but it is  
believed by the officers of the com-  
panies that without doubt the com-  
mands will be sent to the forts where  
they are assigned.

**Fifth Company Meeting.**  
The weekly meeting of the Fifth  
company was held on Tuesday evening  
with the usual drill and guard duty.  
There being a large gathering of mem-  
bers, followed by the drill, there was  
some indoor baseball practice which  
afforded an interesting half hour. The  
company team hopes to play the Third  
company team next Tuesday evening.

**Officers Instructed.**  
The second night of instructions for  
the officers of the non-coms of the Third  
company had a good attendance and  
the instructions by Lieutenant Andrus  
concerned the twelve inch gun and car-  
riage for the same. This completes  
the separate instructions for the Third  
company, and tonight and Thursday  
night the Fifth company officers and  
non-coms will receive the same in-  
structions the Third has, while Friday  
night and next Monday night the of-  
ficers of both commands will be assem-  
bled for further instructions.  
On Thursday evening the Third com-  
pany team will play the Electrical  
Workers' indoor baseball team. Cap-  
tain Hagberg and Lieutenant Coleman  
have been added to the Third company  
team, which will mean much additional  
strength. Captain Bossey will play  
them alternately as pitcher and fielder.

### GIVEN A RECEPTION ON THEIR RETURN.

Mr. and Mrs. Gordon B. Smith Sur-  
prised Their Friends.

Gordon B. Smith and Miss Florence  
Champion were united in marriage  
Sunday in Norwich, as previously told.  
Old Saybrook correspondent writes:  
Saturday afternoon they left when  
their friends thought was a friendly  
visit, but Mr. and Mrs. William  
Champion broke the news Monday to  
a few friends by inviting a wedding  
evening to a wedding supper, at the  
same time notifying them of the hap-  
py event. On the arrival of the 6.30  
train Monday evening, the bride met  
at the depot by a few friends and es-  
corted quietly to the home of the  
bride's parents, where the guests con-  
gratulated them on their happy ven-  
ture. The bride was escorted to the  
plane, where she played several of her  
favorite numbers. Singing and instru-  
mental music were enjoyed throughout  
the evening. Miss Hattie Coulter  
played a wedding march which all  
joined and were led to the dining  
room, where all drank to the bride and  
groom and were just seated when  
three friends who heard the news  
some what late and gathered together  
three old cornets started in with that  
dear old melody, "Swing Low, Sweet  
Chariot." Invitations were ex-  
tended to come in and accepted. Best  
wishes for a prosperous and happy life  
were given to the bride and groom.  
The daughter of Mr. and Mrs. William  
Champion, a lifelong resident of the  
town. The groom is the second oldest  
son of First Selectman William H.  
Smith and is associated with him in  
the plumbing and roofing business.  
They will make their home in Say-  
brook.

### POINTERS ON STYLE.

Suggestions for Those in Search of  
Hats That Are Different.

Seekers after handsome hats ready  
for Easter and spring wear found their  
search rewarded on Tuesday when at-  
tending the openings announced. It  
was especially noteworthy that the de-  
signers, while following in the main  
season, had originated new treatments,  
the result being models distinctive and  
of artistic originality.

Among the scores of attractive pat-  
tern hats noted was a beautiful tur-  
ban with flower brim in Cunard blue,  
the crown in blue and green mousseline  
de sole, with graceful celluloid  
aigrette.

Charming for a young miss was a  
big Tam shape in Chantecleer drab,  
with pompon of black straw, and  
draped of black tubular braid.

A blue panne velvet in mushroom  
shape had big, effective bows in light-  
blue, and fancy band buckles.

Especially striking was a bird straw  
turban with cerise silk, and adorned  
with big cerise wings.

A turban-shaped plateau of white  
Tulle had for its ornament a large  
green velvet bow at the back, and a  
deep brim band of beautiful lilies of  
the valley, the combination resulting  
in an elegant hat for wear with sum-  
mery costumes.

Very dainty was an auto bonnet in  
burnt straw, with fancy two-toned  
edge, knots of forget-me-nots and sat-  
in ties to the crown, and a wide straw  
which formed the bonnet shape.

Hats large and small, striking and  
quiet, all refined and favorably priced,  
you can find in the millinery adver-  
tisers, the suggestions offered by The Bul-  
letin's millinery advertisers.

**WELCOMED TO CHICAGO.**  
R. B. Tracy, Formerly of This City,  
Gets a Glad Hand.

The most important of recent an-  
nouncements in local auto supply cir-  
cles is the appointment of Richard B.  
Tracy as resident manager of the Chi-  
cago branch of the Michelin Tire com-  
pany, whose place of business is No.  
1344 Michigan avenue, says the West-  
ern Journal of Chicago. This is a  
well deserved promotion for Mr.  
Tracy, who has had a number of years'  
experience in the rubber tire business  
and is admirably equipped to satis-  
factorily and well discharge the duties  
of the position he has just assumed. For  
a long period Mr. Tracy was the man-  
ager of the Michelin Tire Co. in Cleve-  
land, hence he is fully informed on all  
the details of the business and well  
acquainted with general conditions.

Mr. Tracy is a good, pleasant gen-  
tleman, with an army of friends every-  
where, all of whom will be glad to  
hear of his advancement. He is a wel-  
come addition to the fine body of auto  
supply men now making Chicago the  
center of their activities.

**Deputy Newbury Here.**  
Boulton lodge, No. 228, New Eng-  
land Order of Protection, was visited  
by Fort Griswold lodge, No. 493, of  
Groton, Monday night. There was a  
class initiation, candidates from both  
lodges receiving the degree. There  
was a musical entertainment and sup-  
per after the meeting. Deputy Jeremia-  
lah Wall of New Haven, Deputy  
Ernest Newbury of Norwich, Deputy  
James E. Wheeler of New London and  
Deputy Washington S. Morgan of Gro-  
ton were among the visitors.

**Quick Run from New Haven.**  
C. V. Pendleton, Jr., returned on  
Tuesday afternoon after a few days'  
visit in New Haven, making the trip  
on his motorcycle. He found the roads  
on the way down in bad shape and the  
journey took him six hours. They had  
scarcely well dried up by Tuesday, how-  
ever, and his time coming back was  
2 hours 20 minutes.

The latest estimate placed on the  
wheat crop in China for the year  
of 1910 fixes the yield at 23,642,000  
bushels—a big gain over 1909.

### 15,000 TONS OF TRAP ROCK FOR STATE ROADS.

Highway Commissioner Urges Early  
Work on Repairs.

Highway Commissioner J. H. Mac-  
Donald has sent the following letter to  
all the towns in the state, 111 in all,  
having macadam condition roads. It  
states that the state has a considerable  
difficulty last year getting the trap rock  
quarries of the state to supply the  
towns with trap rock of the dimensions  
required for the repair of state  
roads, namely, one-half to three-quar-  
ters inch.

So as to take time by the forelock  
and get ahead of the season, it  
might be wise for me to say that if  
the towns were to commence putting  
the stone on their macadam roads as  
soon as possible in securing prompt  
and satisfactory deliveries.

In answer to this communication, 58  
towns have already sent in their re-  
quests for the year's supply of trap  
rock splinters for repairs. Orders ag-  
gregating about 15,000 tons of stone  
have already been sent to the quarries.  
Owing to the congestion which has oc-  
curred at the quarries, deliveries of  
stone are much delayed, but it is un-  
derstood that very soon shipments will  
be made with more regularity. This  
will assist the state in getting the ma-  
cadam roads in repair so as to take care  
of the heavy traffic which will com-  
mence as soon as the weather becomes  
settled.
